

Maria del Pilar Espinosa Goded

Surname:	Espinosa Goded	Name:	María del Pilar
Date of birth:	30.VI.1979	Civil Status:	Single
Driving license:	B-1	Passport:	51.075.898 . M
Address:	C/ Dr Jiménez Diaz, 5 18014. Granada. España	Telephone	+34 650 659 309 +34 958 29 49 12

E mail: mariap.espinosa.ext@juntadeandalucia.es

Education

Research stage in Center for Rural Economy (Newcastle University)	Sep-Dec, 2009
Research stage in Agri. Econ. Dep. INRA-Rennes (France)	Sep-Dec, 2008
Certified in Advanced Studies (UPM)	October, 2007
Agricultural Engineer (UPM)	September, 2003
University of Reading	Reading (U.K), 2001-02
Sócrates-Erasmus scholarship	

Language Skills

Spanish Mother tongue

English Certified in Advanced English, CAE (University of Cambridge, UK), December, 2002

French Intermediate certificate by the Spanish Official Language Academy

Computing

Word processing: Word, Word Perfect and others

Databases: Excel, Statitcf, Access

Operative Systems: Windows

GIS and others SIG (Idrisi) , Arc-view, AutoCAD, GAMS, Basic
Visual Basic, Minitab, SAS, SPSS, Limdep, Biogeme.

Seminars and courses

Summer School in Discrete Choice Models: Theory and applications to Environment, Landscape, Transportation and Marketing .
Beginners and Advanced Module. (70 hours, 5 ETCS)
University of Bologna, Italy. July, 2008

Course "Formation for assistance to Organic agricultural holdings"
Ministry of Agriculture- Madrid, Spain. November, 2006

Advanced Course in "Agro-environmental indicators". CIHEAM-Zaragoza, Spain. May, 2006

Course "Sustainable development in Natural Parks". CIFA-Granada, Spain. April, 2006

Course "Sustainable Development"
London School of Economics (LSE)-Madrid, Spain. February, 2005

Stage in "La Universidad Agraria de la Habana (Cuba)" November 2003 – February 2004

Course "Renewable Energy Sources for Sustainable Agriculture"
Belgrade University-Serbia. August, 1998

Course "The agricultural Engineer in the new policy for Rural Development". UPM-Madrid, Spain. September, 1997

Employment experience

Postgraduate grant by the Spanish National Institute for Agricultural Research (CIFA-Granada). Granada, From November 2005

The research project deals with the optimal design of Agri-Environmental Schemes (AES) applying quantitative tools in two case studies in Spain.

Stage in the European Commission (DG AGRI, G03 Analysis of agricultural holdings) Brussels, March-July 2005

During my traineeship period at the European Commission (DG AGRI) I have been involved in managing the FADN dataset. I was dealing with ad-hoc demands for analysis, I collaborated in the preparation of the FADN contribution to the report on the situation of the agricultural holdings in the EU and in addition I participated in the assistance for the improvement in the FADN database.

In the European Project GENEDEC dealing with “*the quantitative and qualitative assessment of the socio-economic and environmental impacts of decoupling of direct payments on agricultural production, markets and land use in the EU*” I collaborated in a case study in Spain to evaluate the agri-environmental schemes under different policy scenarios (in particular using the Positive Mathematical Programming methodology).

Engineers without borders

Madrid, Sept 2001- Sept 2002

Volunteer work helping organizing seminars and activities to promote the NGO

Publications
