

PERSONAL INFORMATION

Name **MERCIAI STEFANO**
Permanent Address **VIA VETERINARIA 61/8, 80137 NAPOLI, ITALIA.**
Current Address **BEGONIASTRAAT 11 HS, 1031 GK AMSTERDAM, THE NETHERLANDS**
Phone numbers **(NL) 0031 (0)6268414 – (IT) 0039 0817517962**
E-mail [**merciais@yahoo.it**](mailto:merciais@yahoo.it)

Nationality Italian
Date of birth 30/04/1979

EDUCATION AND TRAINING

- Dates From September 1998 to October 2004
- Name and type of organisation providing education and training University of Rome “La Sapienza”, Faculty of Statistics
- Principal subjects/occupational skills covered Statistics and Economics
- Thesis Accountability of environmental pressures of two different ways of managing the empty bottle, the recycle and the reuse, using physical Input/output tables. Score 110/110.
In the graduated thesis I used a physical approach to evaluate the environmental impact of two different ways of packaging mineral water with the same “economic” value. I used a Physical Input-Output model to evaluate environmental pressures.
- other experiences 2002 Erasmus program at University of Amsterdam (UvA), Faculty of Economics
Exams done: Economics of Population, Experimental Economics and Public Economics.
- post graduated experiences From September 2006 – PhD program in Economic Statistics at University of Rome “La Sapienza”, Faculty of Statistics. Project thesis: An Hybrid Input-Output framework: theory and modeling.
I would like to overcome the limits and discrepancies of Monetary and Physical Input-Output tables introducing an hybrid framework that synthesizes the real relations within the technosphere and between the latter and the biosphere.
- other post graduated experiences From November 2008 to July 2009 – Visiting period at Department of Industrial Ecology, Institute of Environmental Sciences (CML), University of Leiden, The Netherlands.

WORK EXPERIENCES

- Dates from February 2005 - present
- Name and address of employer ISMEA, Institute of services for agricultural and food market (www.ismea.it), Statistic unit. Via C. Celso 6, Rome, Italy.
- Type of business or sector Analysis of agricultural/rural economy and of food system.
- Occupation or position held Statisticist (Initially collaborator, actually freelance)
- Main activities and responsibilities Elaboration of Agricultural Input/Output table to generate the benchmark of Ismea's dynamic general equilibrium models, the MEG-D ISMEA, and to calculate value chains of food products. Actually, I am working in a project, with National Institute of National Account (Istat), to update the Italian Agricultural Input-Output table. Moreover, I collaborate to define and run the MEG-D Ismea to estimate the impacts on Italian food system as result of changes in the European Common Agricultural Policy (CAP) or of other different scenarios.
Finally I am working to organize and connect the several databases produced or used

- Publications in the Institute using Input-Output techniques.
I have contributed to many issues edited by ISMEA. In particular, I have calculated the value chain of agricultural/food products and the forecasts on agricultural sectors resulting from CAP reform included in the Annual Reports 2007 and 2008.
