EAERE

Prague 2012

The 19th Annual Conference of the European Association of Environmental and Resource Economists will be held in Prague on June 27-30, 2012. The conference is organized by the Charles University Environment Center jointly with the University of Economics, Prague.

Prague has been a political, cultural and economic centre of central Europe for the more than 1,100 years of its existence and it ranks amongst the most impressive historical cities in the world. Prague is not only a centre of cultural movements dating back through the centuries; it also exhibits a unique collection of historical monuments, dominated by Prague Castle.

In 1992, UNESCO included the historic centre of the city in its World Heritage List as one of the most prominent world centres of creativity in the field of urbanism and architecture which reflects an exceptional diversity of artistic styles, ideologies and faiths.

The conference will be held on the campus of the University of Economics located within walking distance of the city centre, close to the range of cultural attractions that Prague offers and is well served by public transport.

The conference will cover all areas of environmental and natural resource economics. Detailed information concerning submission, registration, accommodation, etc. will be available at the conference website www.eaere2012.org in due course. Paper submission will be open from November 15, 2011 until February 1, 2012.

We look forward to welcoming you to Prague
The Local Organizing Committee of the 19th EAERE Conference
