Focus on

[EAERE Magazine](#)

We're very excited to announce issue n.1 Spring 2018 of our new **EAERE Magazine!**

The quarterly magazine serves as an outlet for new research, projects, and other professional news, featuring articles that can contribute to recent policy discussions and developments in the field of environmental and natural resource economics. EAERE Council member Astrid Dannenberg is the EAERE Magazine Editor. Contributions from the wider EAERE community, especially senior level researchers and practitioners, and Country Representatives are featured in the magazine.

In the Spring 2018 issue, you will find an Introduction by the President, Note from the Editor, five articles written by researchers, and a Juniors ask Seniors Interview:

- Introduction by the President / Carlo Carraro
 - Note from the Editor / Astrid Dannenberg
 - Weather fluctuations and migration to the EU by Anouch Missirian & Wolfram Schlenker
 - The future of the cost of climate change by James Rising
 - EU and the electric vehicle - mutual love? by Mads Greaker
 - Bottom-up climate mitigation efforts by Martin Kesternich
 - Brazil and choices in Economics and the Environment: Instituto Escolhas taking the lead by Sandra Paulsen
 - Juniors ask Seniors Interview with Sir Partha Dasgupta
-

[WCERE 2018](#)

The **WCERE 2018 - 6th World Congress of Environmental and Resources Economists** will take place from the 25th to the 29th of June 2018 in Gothenburg, Sweden. Read the **article** highlighting this year's event on GGKP, written by Ben Groom, the EAERE representative on the WCERE18 Scientific Programme Committee, and Thomas Sterner, Chair of the Local Organizing committee.

This year **WCERE will truly be a world congress, thanks to generous travel grants**. Almost 100 researchers from lower- and middle-income countries will receive Sida, IDRC and EAERE-funded travel grants to participate in WCERE2018, vastly enriching the international scope of the congress program.

Take a look at the **Program Overview** and **register** to attend.

[EAERE-FEEM-VIU European Summer School](#)

The **EAERE-FEEM-VIU European Summer School: "Climate Change Assessment: Economic Models and Evaluation Criteria"** runs from June 30th to July 6th 2018 at the VIU campus on the Island of San Servolo, in Venice, Italy.

The objective of the 2018 School is to provide students with a broad understanding of the theory and practice of welfare assessment of economic climate change models, and more generally in the evaluation of long-term environmental economic problems. It will focus on two different perspectives:

(i) how to construct analytical and numerical climate change models; and (ii) how to design appealing welfare criteria for climate change assessment.

[GGKP Expert Connect](#)

As a Green Growth Knowledge Platform member, EAERE has been asked to contribute to the **GGKP Expert Connect** service. The Expert Connect service allows developing country governments and institutions that support these governments to engage directly with global experts who have agreed to provide up to 20 hours a year of pro bono advice.

Please let us know if you are interested in participating as an expert in Expert Connect by sending an email to eaere@eaere.org.

[EAERE Social Media](#)

Interact with EAERE on social media! Follow us on **Twitter**, **Facebook**, **Instagram**, and **LinkedIn**. Join the members only **EAERE LinkedIn Group** to converse with members and see job postings from member institutions.

Policy News

- **Better protection and management of land and forests across the Union:** Council adopts a new regulation that establishes a framework for the inclusion of greenhouse gas emissions and removals from land use, land use change and forestry (LULUCF) in the 2030 climate and energy framework. Read the [press release](#).
- **Effort sharing regulation:** Council adopts a new regulation on greenhouse gas emission reductions with binding targets for member states in sectors falling outside the scope of the EU emissions trading system for the period 2021-2030. Read the [press release](#).
- **Energy efficient buildings:** Council adopts a revised directive on improving energy efficiency in buildings, which encourages building renovation. Read the [press release](#).
- **Inception impact assessment for EU implementation of the Aarhus Convention in the area of access to justice in environmental matters:** Open for review. Give feedback by participating in the [EU Transparency Register](#).
- **Sustainability pledges in EU policies and budgets:** Stakeholders call on Member States to integrate sustainability pledges into future EU policies and budgets at the sustainable development conference organized in part by Green Budget Europe. Read the [news](#).
- **South Africa Climate Change Policy:** In South Africa, the Cabinet has approved publication of the National Climate Change Bill of 2018 for public comment. The Bill allows for the alignment of policies that influence the country's climate change response, and will ensure a transition to a lower carbon and climate resilient economy. It is an extra step in South Africa's efforts to implement the national Climate Change Response Policy, promote sustainable development, and fulfill the constitutional right to an environment that is not harmful to health or well being. Read the [press release](#).

- **Pre-COP24 meeting in Bangkok:** UN climate officials have added an extra session in Bangkok on 3-8 September to accelerate negotiations and finish preparing the Paris Agreement 's operational guidelines for adoption at COP24 in Katowice, Poland in December. Read the **news**.
