

# **EAERE2019 Manchester Pre-Conference Workshop**

## **Title: Behavioural and Experimental Methods on Environmental and Development Policy**

**Date and time: 26/06/2019, 9:00 am – 5:30 pm**

**Venue: University Place, University of Manchester**

### *Objective*

The workshop will provide an overview of the role of behavioural and experimental economics on environmental and development policies and bring together expertise and insights from recent international work in this area of research. The workshop will present state-of-the-art research and discuss whether and how the interplay of social preferences, norms, financial instruments and/or institutions can affect environmental and development policies. By bringing these research strands together, the workshop provides an opportunity to exchange ideas, produce new research topics, share insights on how to deal with some of the methodological and conceptual challenges in these areas, and map out a research agenda.

The workshop will provide an overview of behavioural and experimental method by discussing what this method can address and how. In addition, each speaker will give the rationale behind this methodology on specific issues related to environmental and development economics (e.g., climate change, social norms, and gender inequality) and also the recent developments in this field by presenting their research works.

### *Venue and target audience*

The workshop will be held at University Place, University of Manchester, on 26<sup>th</sup> June 2019, immediately before the 2019 Annual Conference of the European Association of Environmental and Resource Economists (<http://www.eaere-conferences.org/>). Its target audience is researchers, academics, policy analysts, and policy makers. Advanced PhD students will also be considered.

### *Speakers*

- Andreas Lange (University of Hamburg, Germany)
- Fredrik Carlsson (University of Gothenburg, Sweden )
- Karine Nyborg (University of Oslo, Norway)
- Timo Goeschl (Heidelberg University, Germany)
- Pushkar Maitra (Monash University, Australia)
- Prasenjit Banerjee (University of Manchester, UK)

### *Cost*

There is no fee for the course. *The Manchester School* and the Economics department, University of Manchester are sponsoring the workshop. **All applicants accepted into the workshop need to register for EAERE2019 by April 29, 2019.**

### *Application*

The application **deadline is 15 March, 2019**. An application consists of a single document that contains the following information:

1. Brief statement (up to 200 words) of your research interests and your topic of work and why you would like to attend the workshop Title of paper submitted to EAERE2019 and paper ID
2. Statement of whether you have already requested a travel grant. If you have not, please state whether you would like to request a travel grant now to attend this workshop.
3. Current CV
4. Your name and contact details and dietary restrictions (if any)

Applications should be e-mailed to: Prasenjit Banerjee (workshop convenor), University of Manchester; [Prasenjit.banerjee@manchester.ac.uk](mailto:Prasenjit.banerjee@manchester.ac.uk)

The workshop is only open to registered participants of EAERE2019. The number of participants will be limited to 40.
