The European Job Market for Environmental and Resource Economists aims to offer the two sides of the market - institutions with open positions and candidates looking for a job - a virtual place to look for the best match. Candidates, universities, public and private institutions and corporations taking part in the Conference are invited to apply to participate in the Job Market. The EAERE website will host a web page showcasing job market candidates’ and recruiters’ profiles. Job market candidates and recruiters will freely interact. Interviews will be arranged individually between recruiters and candidates in a separate environment (virtually or in person) convened by the parties. Apply [here](https://a1d0g2.emailsp.com/f/rnl.aspx/?fdf=xwxnw_f.ee=o_gj8=vnx5&&x=pv&19.=ikf1g:0641c.ie&x=pp&rw3a:919e_c0e=qtz1NCLM) by 15 June 2022!

Endorse the Statement on the EU’s legislative proposals on climate change by signing it!

The [Policy Outreach Committee (POC)](https://a1d0g2.emailsp.com/f/rnl.aspx/?fdf=xwxnw_f.ee=o_gj8=vnx5&&x=pv&19.=ikf1g:0641c.ie&x=pp&rw3a:919e_c0e=qtz1NCLM) of EAERE prepared a statement on the EU's legislative proposals on climate change that is presented for endorsement to the whole scientific community in Europe and worldwide. The statement aims to draw the attention of policy-makers and public opinion on the implications of the legislative package and on some key challenges that need to be addressed in the future. While the package can be further improved, it takes a step in the right direction if we want to raise the ambition of the European climate policy and achieve climate neutrality by mid-century. A rapid implementation of more ambitious policies is of crucial importance to fulfill our commitments, particularly after COP26. The Statement has currently been officially translated into: Finnish, French, German, Greek, Italian, Polish, Spanish and Swedish.

Read and sign the Statement [here](https://a1d0g2.emailsp.com/f/rnl.aspx/?fdf=xwxnw_f.ee=o_gj8=vnx5&&x=pv&19.=ikf1g:0641c.ie&x=pp&rw3a:919e_c0e=qtz1NCLM)!

#EAERE2022 Pre-conference workshop on "Green Bonds and Environmental Finance"

The need of moving financial investments towards green and environmentally sustainable projects has attracted both institutional and private investors in recent years. How to finance the sustainable transition of economies, finding feasible incentives and promoting green products to attract funds has become a priority. The workshop 'Green Bonds and Environmental Finance' will explore these matters on 27 June 2022, both onsite, at the Rimini Campus, and online. All information can be found on the Conference website.

#EAERE2022 Pre-conference workshop on "The economics of a just and equitable transition"

The aim of this workshop is to discuss how methods in environmental and resource economics can contribute to assessing and quantifying the impact of the low carbon transition on certain parts of society. It will present approaches to identify policies that can be put in place to correct pre-existing and transition-induced inequalities. The workshop, taking place on 27-28 June 2022 in a hybrid format, will thus focus on issues related to employment, distributional impacts of policies and climate risks, and public acceptance for the climate transition. All information can be found on the Conference website. Registration link will be available in a couple of weeks.

Leading environmental and natural resource economists from across the globe will gather for three days of outstanding academic programming in a collegial atmosphere at the AERE 2022 Summer Conference from Wednesday, 1 June to Friday, 3 June 2022, at the Hyatt Regency Miami in Miami, Florida. Participation is encouraged from academic, public, and private sector environmental and resource economists as well as from graduate students. The conference will begin on Wednesday at 5:00 p.m. ET with a plenary session on environmental justice research in economics, followed by a welcome reception. The academic program will follow on Thursday and Friday and include a keynote address by Rob Mendelsohn. View the Program-at-a-Glance>

New this year! AERE is offering limited virtual access (plenary sessions, 1-2 paper sessions in each parallel session time slot). Learn more here.

10th IAERE and 1st MED-IAERE Conference

For the 10th birthday of the Italian Association of Environmental and Resource Economists (IAERE), the Annual Conference comprised two events. The Tenth IAERE Annual Conference featured a surprisingly wide attendance, both in person and online, and hosted two highly reputed keynote speakers, Maria Loureiro and Timo Goeschl. The IAERE Conference was followed by the first MED-IAERE Conference, intended to gather national associations of environmental economists and experts in the area of the Mediterranean. Various specific parallel sessions were followed by two round tables, hosting high level experts and country representatives, and by a highly stimulating keynote speech by Carlo Carraro. A poster session, focusing on international research projects relevant for the Mediterranean area, completed the program.

Additional content, updates and images will follow on the IAERE website. Stay tuned, and... Happy Birthday IAERE!
Launch of the 2nd Report of the SDSN’s Senior Working Group on European Green Deal

On May 3rd the SDSN’s Senior Working Group on European Green Deal will launch the 2nd Annual Report, entitled “Financing the Transformations for the Joint Implementation of Agenda 2030 for Sustainable Development and the European Green Deal” which provides an overview of the EU policies published since 2020 in support of the implementation of the European Green Deal; explores the financial implications of the Joint Implementation of Agenda 2030 for Sustainable Development and the European Green Deal; and stresses the need for private financial flows to be directed towards sustainable projects and activities.
